Committed to sustainability, we have also introduced recycled yarn into our fabric collection.

Louvolite's Oeko-Tex STeP accreditation also underscores the company's commitment to sustainable and socially responsible production.

This accreditation is a testament to Louvolite's dedication to minimising its environmental impact while creating high-quality fabrics which meet the demands of customers.

choosing your fabric

DESIGNER STYLE TIP

Whatever your style, our collection has something for you. Whether you know exactly what you want or need some help, here are some tips to consider when choosing your new window shading.

your room

Consider where and how you plan to use your blinds. Will they allow light in or block it out? Privacy and sleep might also play a key role in your decision. Think about the function of the room, as this will help guide your choice.

your fabric

Once you've decided on the use of your blinds, you can choose from our range of fabrics, including blackouts, sheers, moisture-resistant, recycled, plains, textures and patterns.

your colour

Choose colours that complement the existing finishes and materials in the room. For redecorating, create a mood board with interior images, furniture, paint swatches, fabric samples, and flooring.

WINDOW BLINDS

A stylish window shade for large windows, bi-fold and patio doors or as a divider when you want a more intimate feel in your open plan interior.

When opened, the large fabric panels stack neatly to maximise light.
Use the slim wand to slide the panels closed, creating a unique screen for light control and privacy.

The super-slim track, inspired by minimalism, blends seamlessly into your space,
and you can choose from 3, 4, or 5 channels with side or split draw operation.

For an eclectic look, mix patterned prints with complementary or contrasting plain fabrics.
